

Hillsborough Energy Commission Approved Minutes  
April 27<sup>th</sup>, 2023; **Bolded items are things to-do**

Meeting called to order at 6:20 PM. Attendance: Brett Cherrington, Chairman; Jon Daley, Secretary; Sue Durling

Secretary's report:

Minutes from April 13<sup>th</sup>, motion to approve by Sue, seconded by Jon; approved unanimously.

LED Street Lighting Project

We think Adam is still working on a final draft.

Weatherization Project

We looked up a few contacts from Eversource who are related to energy efficiency, who Jon has tried emailing before, but never gotten a response. We found some phone numbers, so **Jon will contact him by phone.**

Electric Vehicle Charging Stations

Jessica Wilcox from Granite State Clean Cities Coalition was promoted and Jon Labier (from Hillsboro) took her place, and Brett has been communicating with him and that is going well.

Brett went around looking for people who might be interested in going to the Green Your Fleet event and demo on June 9<sup>th</sup>, trying to contact the local bus company, golf course, police chief, road agent, and fire chief. The road agent was already planning on going with one of his employees!

Commission Logo

**Sue is hoping to get this done soon.**

Energy Use Report

Sue has the 2022 and 2023 energy bills in email and will enter them into the system soon. She is hoping to get bills from prior years to have a longer history of the bills.

Zoning Ordinances

Brett wants to think about possible regulations for next year's warrant regarding requiring new installations to require empty conduit for future ease of installations. He invited any interested commissioners to look into what other towns are doing, etc.

Motion to adjourn at 6:50 PM by Sue, seconded by Jon. Unanimously approved.

Respectfully submitted,  
Jon Daley
