Hillsborough Hikes Conservation Lands and Trails Map

- 1. Beard Brook Park (Town Beach 132 Beard Rd)** - Cold brook pool with swimming, sandy beach, fishing, portable toilet, picnic tables, and emergency telephone. Short, easy trail (0.05 mi) upstream allows for bird watching and nice views of the babbling brook.

Bible Hill Cemetery - Trail from Beard Rd, through private property. A short, uphill hike (0.15 mi) to the well-maintained cemetery, which dates back to 1788. Historical setting, good for bird watching.
- 2. Confluence Trail (242 West Main St)** - Easy hiking trail (0.9 mi) leads to the confluence of the Contoocook and North Branch Rivers. Marked trails, old fields, oxbows, vernal pools, wetland forest, two benches, osprey nest, beaver dam, wildlife, and bird watching. The bench overlooking the confluence is on private property.
- 3. Cottrell Place (166 Jones Rd)** - Rustic, marked, easy hiking trails (2 mi) through upland forest to the town water line and a marked loop trail. Good location for hunters, wildlife enthusiasts, mushroom collectors, and birders. Trail is not regularly maintained. Forest Society trailhead on Jones Rd across from Fisher Cat Trail in Fox State Forest.
- 4. Farrar Marsh (591 Bog Rd)** - Wildlife marsh with a small dam on Sand Brook (wild trout brook). Kayak/canoe launch, wildlife habitat, beaver lodges, waterfowl nesting, otters, cross-country skiing. Easy to Moderate hiking trails (2.5 mi) through mixed, upland forest with stone walls, barn foundations, old cellars/foundations. Very large, old white ash tree on private property.
- 5. Fox State Forest (309 Center Rd)** - Over 22 miles of marked, easy to moderate trails through, working research forest. Trailheads on Bog Rd, Whitney Rd, Center Rd, Jones Rd, and Bible Hill Rd.
- 6. Gleason Falls (565 Beard Rd)** - Historic stone arch bridge and waterfall, 1st Conservation Commission-owned land, geological slip fault.
- 7. House Rock (100 Sand Knoll Rd)** - Large glacial erratic (170 ft in circumference, 30 ft in height), cave-like passage through the boulder. Mailbox on site with a visitor log. Hike or cross-country ski north on Sand Knoll Rd to follow Sand Brook (wild trout brook).
- 8. Kemp Park (230 River St)** - Downstream from Hosiery Mill Dam. Historic large, stone, circular barbecue pit used by Franklin Pierce. Gazebo and scheduled events. Trails (0.75 mi) connect to Grimes Field and Riverwalk by Baseball Field #4.
- 9. Lake Lot (159 Emerald Dr)** - Conservation land along east and west sides of Sand Brook. Downstream from Gould Pond (Emerald Lake). Rustic in/out, easy trails (0.7 mi). Fishing, hiking, cross-country skiing, rushing waters, many large wolf pines abutting the rock wall and upslope from the trail. Birds, mushrooms, nature immersion. View of an old, retired sawmill foundation (on private property) from the south end of the trail on the west side.
- 10. Low State Forest (200 Sand Knoll Rd)** - Babbling brook, sand knoll, mature forest trees, wildlife, birds, mushrooms, cross-country skiing, snowshoeing, hiking. Undeveloped trail heading west to County Rd through cleared, regenerating forest. No marked trails and no motor vehicles allowed. North trail continues into Bradford. Hiking trails are 3 mi total and easy to difficult throughout.
- 11. Manahan Park (732 West Main St)** - Sandy beach on Franklin Pierce Lake, pavilion, picnic sites, camping. Boat launch, playground, restrooms. Large softwood trees preserved by deed (e. white pine, e. hemlock).
- 12. Meeting Hill Woods (100 Meeting Hill Rd)** - Mixed Forest parcel between Meeting Hill Rd and Fox State Forest. Marked, easy trails (0.8 mi) connect to Ridge Trail and Harvey Rd. Hiking, cross-country skiing, bird watching, mushrooms, wildlife viewing, glacial erratics. Near the south end of Harvey Rd, you can view "Tree Rock"- a large, Eastern hemlock with stilted roots growing on a glacial erratic.
- 13. Penelope and John Dawson Memorial Forest (394 Bear Hill Rd)** - Contoocook River frontage, snowmobile trail along river, no marked hiking trails, or trailheads. Good for hunting and wildlife enthusiasts. Bobolinks present in ridge field. Trails are not maintained.
- 14. Riverwalk (29 Preston St)** - Beautiful, easy hike through mixed hardwood forest along the Contoocook River. Small beach sections allow for fishing. Seasonally accessible island, bird watching, fishing, wildlife viewing, cross-country skiing. Total of 3 mi in trails.
- 15. Rowe Marsh (38 Merrill Rd)** - Wetland area with woods along the west edge, native winterberry, bird and wildlife viewing, unmarked easement along stone wall from the north end of Merrill Rd to south side of the marsh. No marked trails.
- 16. Shedd Brook (166 Beard Rd)** - Marked upland, moderate, loop trail and brook loop trail (1.7 mi). Dramatic rapids and small waterfalls on Shedd Brook. Hiking, cross-country skiing, bird watching, wildlife viewing, mushrooms. Large glacial erratic (southeast of HCC sign).
- 17. Town Marsh (30 Madison Cir)** - Town marsh features heron rookery, beaver lodge, hiking, bird watching, native plants, wildlife viewing. No marked trails. Access through easements on Madison Cir and Jefferson Dr.
- 18. Underpass Trail (12 Hillcat Dr)** - Winding, easy, woodland trail (0.85 mi) on Hillsborough-Deering Cooperative School District property. Trail passes through a wildlife underpass which crosses under highway 202/9 and meets with Ridge Trail in Fox State Forest. No signs at trailheads. Hiking, cross-country skiing, dogs allowed on leash.
- 19. Wenny-Baker Forest on Thompson Hill (575 County Rd)** - Highest point in Hillsborough, great winter views, Forest Society trailhead sign on County Rd, main trail leads to several loop trails to access summit, some steep trail sections, numerous rock cairns mark the trails, mountain laurels, wild blueberries, upland forest, stone walls, fresh spring along the trail, adjoins Low State Forest on north side. Easy to difficult hiking throughout (1.5 mi).
