

Hillsborough Community Power

An important message regarding the program's renewal, supplier, and rates

What's Happening?

Your electricity account is enrolled in Hillsborough Community Power, which provides program rates for the supply portion of your Eversource bill.

The Town's current supply contract ends in November 2025. For its renewal, Direct Energy will remain as the Program's electricity supplier and new program rates will take effect.

Please read on to learn more about the program and your options for participation.

For Program Information or Customer Support:

Visit: HillsboroughCommunityPower.com
or call (866) 968-8065

For Utility (Eversource) Delivery or Default Supply Service Questions:

Visit: Eversource.com
or call (800) 662-7764

What This Means for You

- **No Action Needed** – You will remain in your current program option (Basic, Default, 50%, or 100%). Your selected option will continue automatically at the new rate.
- **Switch Options Anytime** – You may choose a different program option, including greener renewable options.
- **Opt Out Anytime** – Participation is voluntary, you may leave the program at no cost and return to Eversource's Default Service.

Hillsborough Community Power Program Renewal Electricity Supply Rate Options					
	Hillsborough Default (automatic)	Hillsborough Basic	Hillsborough 50%	Hillsborough 100%	Eversource (if you opt out)
Rate	11.35 ¢/kWh	11.31 ¢/kWh	12.22 ¢/kWh	14.05 ¢/kWh	11.196 ¢/kWh (Aug25-Jan26)
Term	36 Months (November 2025 to November 2028)				

How Community Power Works

If you participate in the program, here is how your electricity bill from Eversource will be affected:

- The Supplier portion of your bill will reflect your enrollment in Hillsborough Community Power.
- Eversource will continue to provide Delivery Services, respond to outages, and send your electricity bill.
- Customers enrolled in the Electric Assistance Program (EAP) or budget billing will continue receiving those benefits with no changes.

Net Metering Customers

- If you receive credits from solar panels or other net metering, you may not receive your full credits under the program. For NEM 2 customers, supply credits are zero for sales that exceed purchases
